

“*La dégustation est une aventure personnelle.*”

Wines made from organically farmed grapes

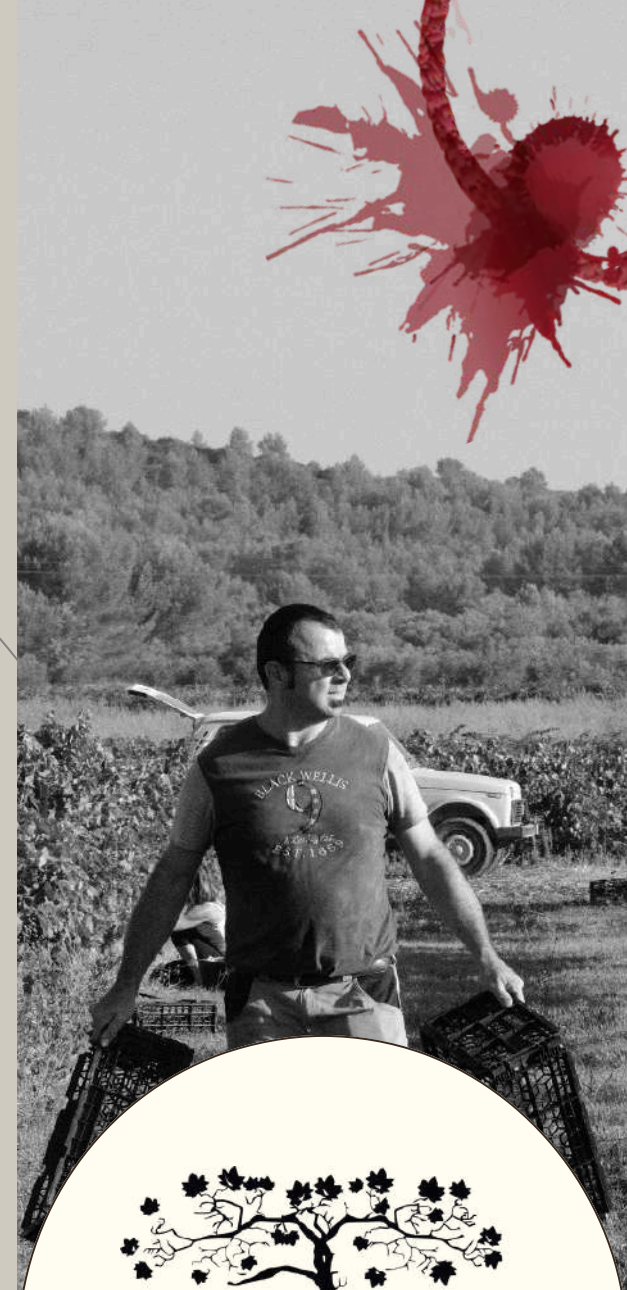

The vines mainly planted on clay-limestone soils. They are fully grass-covered

My choice is Languedoc grape varieties : **Grenache blanc, carigan, cinsault, roussanne.**

My estate Les Vignes de Gaïa, located in the **south of France**, northwest of Nîmes (Pont du Gard).

I make an **honest, easy-drinking wine** with a predominant fruit character, enjoyable to drink and share.

Harvest by hand

Indigenous yeast

Unfined, unfiltered and with no oenological additives

Each grape variety express itself

Minimal intervention and extraction

Patte Blanche
